**Addendum # 1 to Bid 002662
Glass Cleaning Service**

Change the above referenced Invitation to Bid to agree with this addendum.
This addendum must be signed and submitted with your bid submission.

Q1. Does the Initial cleaning count as/or a part of the regular cleaning?

A1. The initial cleaning is the very first time cleaning all of the high rise exterior glass under the new contract. Bidders will provide a one-time cost to cover the additional time and materials we expect will be necessary to thoroughly clean what we know to be very dirty glass. The Price Per Cleaning is the charge for cleaning the very same high rise glass every time after the initial cleaning.

Q2. If one is NOT planning to use rope access, do they have to submit a safety plan of action?

A2. Section 4.4 SAFETY SPECIFICATIONS – AERIAL LIFT

A. Where the Service Provider elects to use aerial lifts to clean high rise glass, the Service Provider will provide the designated LSUHSC-NO representative with a well-organized and concisely written operational safety plan that contains ALL of the following information in sufficient detail prior to starting work on any building.
